I hope that you have all read our Ofsted report which we are pleased to say recognised the great progress that has been made since the previous inspection. The inspectors acknowledged the difficulties of achieving so much in a small school in such a short space of time. They noted the close team work, which has resulted in the changes and achievement in all areas.

Thank you for your support during that time and we also owe a big thank you to the children. Their behaviour was exemplary and a credit to the school. The inspectors felt very welcome, appreciating the family atmosphere of the school, and made many positive comments about the standard of the curriculum and the care taken of the children. There were many wonderful comments from parents posted on Parent View and the inspection team particularly noted these in their feedback.

The area of improving attendance was raised in the report and this is something that, in conjunction with the Governing Body, I will be discussing and addressing in the coming weeks.
